About Aviva

Aviva is the world's fifth largest insurance group, the biggest in the UK and one of the leading providers of life and pensions to Europe with substantial positions in other markets around the world, based on gross worldwide premiums at 31 December 2006.

Aviva's principal business activities are long-term savings, fund management and general insurance, with worldwide total sales of S\$121.60 billion and assets under management of S\$1092 billion at 31 December 2006.

Buying a life insurance policy is a long-term commitment. An early termination of the policy usually involves high costs and the surrender value payable, if any, may be less than the total premiums paid.

The examples used in this brochure are for illustration purposes only and are not an indication or forecast of future returns.

This brochure is not a contract of insurance. The standard terms and conditions of this plan are provided in the relevant policy contract. This is published for information and general circulation only and does not have regard to any specific investment objectives, financial situation or particular needs of any specific person.

Within fourteen (14) days of receipt of the Policy, you may write to Aviva Ltd to cancel your Policy. Aviva Ltd will refund the premiums you have paid after deducting any expenses incurred in issuing the Policy. There will be refund of the pro-rated interest accrued on the Accumulation Value in your policy from the date the policy is effective (Policy Effective Date). The refund will be made after Aviva Ltd receive the original Policy for cancellation.

If the Policy was sent to you by post, you are considered to have received it seven (7) days after posting.

Better than your savings account, plus more!

CashSavers

Looking to enjoy higher interest rates and flexibility on your cash savings, and at the same time, be protected?

Enjoy the best of savings and protection¹ in one plan – flexible & highly accessible savings earning more than your usual savings rates, and protection with full refund of protection premiums plus guaranteed maturity payout²!

Why CashSavers works for you:

1 Savings

With inflation and relatively low savings interest rates, your cash savings are not working as hard as you want them to. What's more, you want your savings to be flexible and readily accessible as the amount of cash and when you need it can be unpredictable.

Get more out of your savings!

You get 2.5% p.a.³ from as low as S\$50 per month⁴. That's many times more than your usual savings interest rate!

Guaranteed no lock-in period!

You can choose to stop, re-start, increase or reduce your savings premiums at any time⁵. You call the shots on how long or how much to contribute monthly.

Guaranteed no penalty for withdrawal⁵!

You can choose to withdraw anytime at no penalty⁵!

2 Protection

You would like to protect yourself and your loved ones, but consider the premiums a drain on your savings as they are non-refundable. Good news! Now you can enjoy high insurance coverage¹ and get full refund of premiums paid at maturity, plus more!

Up to S\$100,000 protection¹ coverage

That's cash to help your loved ones relieve their financial strain.

Guaranteed 100% refund of premiums

When your policy matures, you'll get back all the premiums you paid, guaranteed.

Guaranteed 2.55% additional maturity payout²

You'll get additional 2.55% guaranteed at maturity² on your protection premiums.

Scenario 1

Assuming you are 32 years old, and buying CashSavers with a Sum Assured of S\$100,000. You are able to put aside S\$500 monthly. Your premium is S\$141 for protection and S\$359 for savings per month.

At maturity, you would have enjoyed:

- S\$100,000 protection¹ for 15 years
- 100% refund of premiums paid
- Total 21% returns on premiums paid

Scenario 2

From the 2nd policy year onwards, CashSavers has a Non-Forfeiture Privilege (Auto Pay) which allows you the flexibility to stop monthly premiums in event of financial difficulty. You will continue to enjoy the protection coverage¹ as protection premiums will be paid from the savings balance⁷ of the policy.

Assuming you experience financial challenges in Year 3 and decide to stop future monthly premiums.

Assuming the savings balance⁷ is sufficient to pay the protection premiums up to Year 10, you would still have enjoyed:

- S\$100,000 protection¹ for 15 years
- 100% refund of premiums at maturity
- Total 15% returns on premiums paid at maturity

¹ Covers death and terminal illness.

² Maturity payout is payable provided no claims have been made.

³ The interest rates of 2.5% p.a. for Sum Assured of S\$100,000 and 2.0% p.a. for Sum Assured of S\$50,000 are guaranteed till 31 May 2008.

⁴ Monthly premium consists of savings premium and protection premium. Premium indicated refers to the savings premium only.

⁵ Minimum withdrawal is S\$500 per withdrawal and minimum savings balance that must be maintained is S\$1,000. For full withdrawal, the savings portion will be closed and no further savings premium will be accepted. There is no penalty for withdrawal of the savings proceeds only.

⁶ Based on an interest rate of 2.5% p.a. on savings premiums, assuming the rate remains unchanged till maturity, and includes 2.55% additional maturity payout.

⁷ Savings balance is the Accumulation Value. Accumulation Value = Savings premiums - Withdrawal (if any) + Interest.
